COMMENTS FROM THE TOWN MANAGER'S OFFICE

Article 43 in the town warrant pertains to subsidizing ambulance service. This has become necessary as a result of increased operating cost for the ones extending the service at the present. They find it impossible to continue in that phase of their business with the income derived from it.

Investigations have been made as to alternatives and the request of \$5,000 to be paid by the town to the present operators seems to be the best and most economical for the town. The expense for the town to operate an ambulance would far exceed this cost.

If the subsidy is paid by the town, service rendered by Mr. Greenleaf will be subject to billing by him as in the past. The money paid by the town is in addition to what he might ordinarily charge. This will not mean anyone is entitled to free ambulance service.

VAN TELEPHONE COMPANY STOCKHOLDERS VOTE TO SELL STOCK AT MONDAY MEETING

It was announced today by Louis Van Den Kerckhoven, president of the Van Telephone Company, Bethel, that the stockholders of the Company have voted to sell the Company's stock to the Continental Telephone Corporation.

At a later date this area, subject to the approval of the Public Utilities Commission, will be known as the Bethel Division of the Maine State Telephone Company.

The Maine State Telephone Company now operates in the following areas in Maine: Fryeburg, Fort Kent, Island Falls, and Liberty. Maine State Telephone Company is a member of the Continental System, third largest and fastest growing independent in the country.

The Van Telephone Company was founded in the late 1890's by A. Van Den Kerckhoven. During the early days there were some changes in management, but it finally was taken over by Mr. Van Den Kerckhoven in the early 1900's, and has been a family-operated independent telephone company ever since.

After his death in 1938, his wife, Emma, was elected presi-

dent, and his eldest son, Eugene (Gene), treasurer, who assumed the management of the company. In 1945 Emma resigned as president, and Gene was elected president, treasurer and general manager, serving until his death in 1961. During this time, there were many changes in the company; the greatest of which was the conversion to dial operation, which was completed in 1957.

Following Gene's death, Louis was elected president and Lucia Tikander treasurer. Her husband, Walter, was appointed plant superintendent; Lucia and Walter operated the company until his death in 1965.

At this time Louis assumed a more active position in the company and Donald James was placed in charge of outside plant.

It has been felt by the directors, that the area could be better served by a larger company, and on February 26, 1968, the stockholders voted to sell all of the common stock to Continental.

The policy of the Continental System, as in prior mergers, will be to maintain the present personnel in order to provide a high-grade type of communication service.

DANGER WILD BEAST LET LOOSE! ANIMAL TAMERS NEEDED!

Tame the beast—so slippery and sly, It can tell the truth or speak a lie. Full of poison—deadly too, It hurts your neighbor—also you! So tame it! Talk to the Lord about people and then talk to people about the Lord. Try it and thus avoid talking to people about other people! IT WORKS!

LETTER TO THE EDITOR

Feb. 26, 1968

To the Citizens of Bethel

I would like to give a little of
the background which led to the
inclusion of articles 62, 63 and 64
in the warrant for the 1968 town
meeting.

In February 1967, desiring to
cut some mature timber on my
land, I called to the attention of
the town manager that the bridge
on the road to my residence was
not safe for present traffic and
that it needed to be repaired and
strengthened and eventually
rebuilt.

The town of Bethel built the
present bridge in 1960. I donated
six oak stringers for it. The town
line between Bethel and Mason
was run at this time and estab-
lished the fact, beyond doubt,
that the bridge was in Bethel and
granite markers were set on the
town line.

On Mar. 5, 1967 the town road
crew put oak side logs on the
bridge and cabled them to hem-
lock cross timbers. I furnished
the necessary timbers. Later in
the summer the Bethel road fore-
man notified us that the bridge
was not safe for heavy trucks be-
cause some of the stringers were
cracked and the truckers hauling
my wood refused to cross it.

Meanwhile the selectmen were
employing Mr. Dana Douglass to
search county records trying to
prove that the section of the
road lying in Bethel, which is
only 0.38 of a mile was not a
town road. They say that they
can find no record of its being
accepted by the town. It trans-
pires that this is also true of
some other town roads.

I got in touch with the State
Highway Commission and found
that Bethel had listed this road as
a town road for a good many
years and has collected funds for
snow removal. They also stated
that this road was eligible for
TRF funds (town road improve-
ment).

No further action was taken by
the town until Sept. 18, 1967 when
at a regular meeting the select-
men voted to discontinue fur-
ther maintenance of this road.
I requested an opportunity to
appear before the board and I
attended a special meeting on
Sept. 21, 1967. After considerable
discussion and no proof forth-
coming that this was not a town
road, the selectmen voted to con-
tinue maintenance as heretofore
and to further strengthen the
bridge and to continue to search
the records.

On Sept. 23, 1967 the town road
crew put posts under stringers on
the bridge and put 10 ton road
limit signs to both approaches.
This is the situation today. What
happens when the ice goes out is
questionable.

To regress a little: In the spring
of 1968 before I made any request
for any action on the road or
bridge, when another landowner
was logging on the Mason side of
Pleasant River, the Bethel town
road foreman put 5 ton load limit

signs on both approaches to the
bridge seeming to indicate that
the town felt responsibility for
the bridge.

On Dec. 18, 1967 the three Ox-
ford County Commissioners met
with the Bethel Selectmen to
discuss the situation. The state-
ment was made by the Commis-
sioner that a road leading from
one township to another is a
county road and that whereas the
town had been listing it as town
road and accepting money for its
maintenance it was not justifica-
ble to vote to discontinue main-
tenance without due hearing.

Someone has lived on my farm
for more than one hundred years.
I have lived here for 51 years
and pay a substantial tax on land
in Bethel. There are three old
cellar holes on the slope of
Mains Mt. and evidences of roads
leading to these old homesteads.
An old county atlas of 1858 plain-
ly shows the road leading to my
home and traces it even beyond
my buildings.

There is no question of the por-
tion of the road which lies in
Mason. This has always been
classified as a town road in Ma-
son and the town of Bethel has
been authorized to maintain it by
the County.

There are at least seven other
landowners on the west side of
Pleasant River whose interests
are involved.

To summarize:
1) Town of Bethel has listed this

road as a town road for many
years.

2) The town has received funds
for its maintenance.

3) The town built the present
bridge in 1960.

4) The town has repaired the
bridge on several occasions.

5) The town has maintained their
portion of the road for a
number of years, grading it in
summer and plowing the snow
in the winter.

Respectfully submitted,
Edmund C. Smith

GREENWOOD CITY

— Mrs. Collista Morgan, Corres. —

In a few days February draws to a close. We now have longer days and at six in the morning we can actually see — at a distance. I can see the outline of my hill beyond the pond as I work, usually doing breakfast dishes. No lights needed at four in the afternoon either! However the cold still clings—a true February for Maine.

Will March be better? It brings us nearer to spring. It also brings a crust to the fields and hills after a warm day followed by a cold night. This means sliding long distances or hiking to the woods. Last March one nice Saturday I set out alone, camera in hand for a hike up Noyes Mountain. I have been many times but I never tire of the beauty of the hills and trees, especially the pines, my favorite. The "pine musc" is readily distinguishable and they are impressive as the lights and shadows fall upon them. To me, they are truly a thing of beauty. Their branches are sky-loving, outspread, reaching toward the heavens. We take them so much for granted. If one could be moved to the town park all would look with excitement and admiration, yet in the free woods who is conscious about these beauties of nature. Longfellow compared them to Cathedrals. "Like two cathedral towers these stately pines uplift their fretted summits tipped with cones".

Vacation has ended. It was but a "minute" but in another "minute" it will be vacation again. Time, who can explain it?

Doris Hayes is to return to her teaching, grade two, in West Paris. She has been absent since November. We hope she keeps well so she will be able to continue on.

David Holt visited his dentist in Bethel and his optometrist in South Paris over vacation.

Mrs. Evelyn Day of Portland called on her parents, Mr. and Mrs. Fred Curtis and on other relatives on Thursday.

Roland Hayes was in Portland last Monday. He had several teeth extracted and surgery on his mouth.

Tuesday evening, Mrs. Collista Morgan and Mrs. Doris Hayes joined the "usual" for supper at Dorothy Ross's, West Paris. Others were Mrs. Dunning, Mrs. Campbell, Doris Stattery, Agnes Gray, Avis Stethorn, Lyndell Farr, Louvie Coffin, and the hostess, Dorothy Ross.

Cpl. Kenneth Curtis has been transferred from Cherry Point, North Carolina to Yuma, Arizona for a while.

Funeral services will be held at 10 a. m. Thursday at the Stephens Memorial Hospital.

Interment will be in the cemetery at Stoney Point, N. Y.
